

SAVE TIME!
Bring in your measurements and we'll give you an instant quote.

Bring your window and door measurements to one of our showrooms (with photos if possible) and we'll give you a FREE quote for replacement.

WINDOWS

Take simple width and height measurements (including the frame) from inside and mark them on each box indicating which room it applies to and how many openings you want. For example:

This arrow indicates a side opening window and the arrow points to the hinge.

This arrow indicates a top opening window with the arrow pointing to the hinge.

Bring photos if possible!

DOORS

Take simple width and height measurements including any side panels and mark them on each door.

For example:

Back Door:

Front Door:

**DON'T
PANIC!**

These measurements are good enough for us to cost from. We will carry out a full survey before any doors or windows are manufactured.

What Next?

Bring your measurements to one of our showrooms. We will show you the Window & Door choices then we will provide you with a quote inclusive of fitting and VAT.
